Young, Portland, Oregon, stationed at First WAAC Training center, Fort Des Moines, Iowa, had been promoted to second officer in the Women's Army Auxiliary corps, according to an announcement by WAAC headquarters at Washington, D. C. Her new rank is the WAAC equivalent of first lieutenant in the Army.

Rationing Board Changes Location Of S. S. F. Offices

Move Into Women's Club Building At 470 Grande

War Price and Rationing Board No. 83-12-3, which serves the Daly City area, moved to larger quarters, yesterday, June 23. Offices for the board, formerly at 473 Grande avenue, are now located at 470 Grande avenue, South San Francisco, in the Women's Club building.

Hours at which the headquarters are open to the public include: 9 a. m. to 5 p. m., Monday, Wednesday, Thursday, and Friday; 9 a. m. to 8:30 p. m., Tuesday; 9 a. m. to 12:30 p. m., Saturday.

Miss Genevieve Blue, chief clerk, announces that very shortly new volunteers will be urgently needed to help carry on the work of the rationing board.

"Our work load has increased greatly," Miss Blue said, "And it will be utterly impossible to handle it without the assistance of patriotic volunteers."

Details of the recruiting of volunteers to assist at the local board with typing, filing, and general clerical work will be announced shortly.

Melicker Asks For Good Turnout

Chief Air Raid Warden Harry Melicker issues an urgent plea for 100 per cent attendance at the meeting of the senior air raid wardens, to be held tomorrow night, June 25, at the city hall, 75 Wellington avenue.

The two main topics under discussion will be the turnout of wardens during the weekend's blackout and the completing of the new federal re-enrollment for all civilian defense workers. Melicker will have the blanks which senior wardens are to issue at once to wardens under them for the new registration.

The signup is absolutely imperative, Melicker explained, both to make the local civilian defense workers eligible for federal insurance and to bring the Daly City lists of volunteers up to date.

Nine Local Men In June 18 Quota

Daly City Draft Board No. 103 sent a list of 58 men to the San Francisco Armed Forces Induction Station No. 1 at 428 Market street, Friday, June 18. Of this group, 34 were accepted, seventeen rejected, one failed to report, and six were transferred to other boards.

The original call was for 88 men but the board was unable to supply a full contingent.

Nine of the inductees were local men and the rest were from other communities on the Peninsula which fall under the jurisdiction of the local board. They were: Denean Junior Baxter, 96 Mission circle, who enters the Navy; William Henry Kahle, Colma, Army; Matt John Jauregui, 326 Rhine street, Army; Emil Harasin jr., 158 Acton street, Army; Kenneth Lloyd Miille, 207 Park-

Receives Short Wave Message From Brother

Long months of anxiety and silence came to an end for Mrs. Thomas Costello, 135 Acton street, when she received a short wave message emanating from Tokio, last Tuesday, that her only brother, Benjamin Franklin Edwards, was alive and well.

The message was relayed to her from several sources including the Daly City Police department,

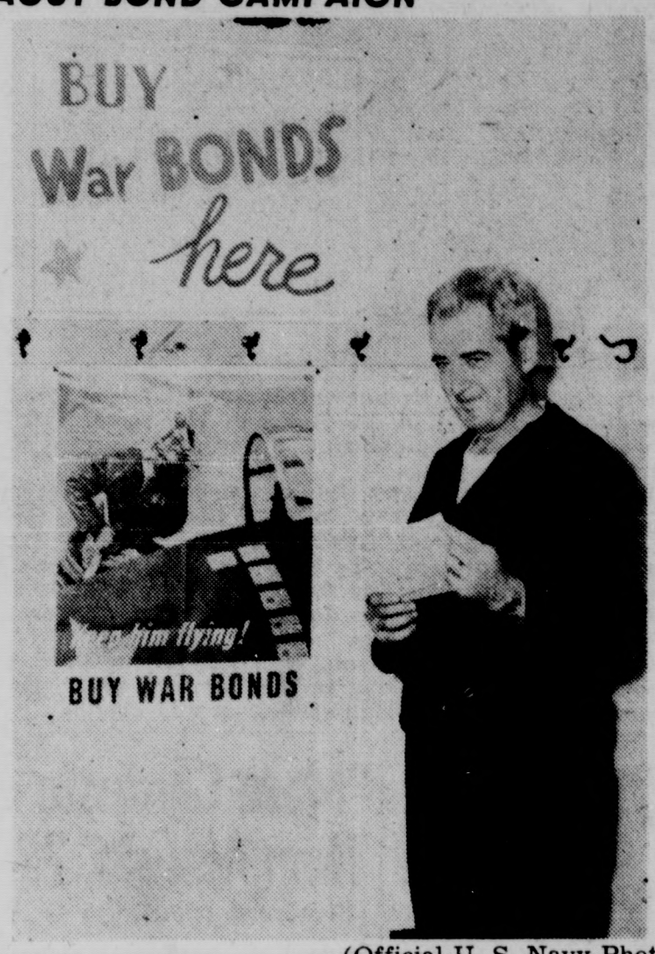
FARRAGUT BOND CAMPAIGN



—(Official U. S. Navy Photograph)

W. C. Holden, apprentice seaman from Daly City, still has a $50 Liberty Bond which was purchased during World War 1. And now the seaman, who is undergoing recruit training at Farragut, Idaho, second largest U. S. Naval Training station, is buying War Bonds to help crush the Axis in World War II. A former San Francisco chauffeur, Holden also has some World War 1 War Savings stamps which he is keeping as souvenirs. He was one of the first recruits at Camp Bennion there to sign for an allotment for the regular purchase of War Bonds when Farragut's Bond campaign got underway.

Holden has resided with his wife, Elizabeth, in Daly City for several years at 117½ Santa Barbara avenue. Before entering the Navy he served with the local civilian defense setup as an auxiliary motorcycle policeman. Sunday, June 27, will be a wedding anniversary for the couple. Mrs. Holden said she'd probably have to observe it alone, however, as she is not expecting that Holden will be able to be here for the occasion. He may be able to return for a visit to Daly City on furlough soon.

Club's Popularity Still On Increase

From the lad who merely stops in to shave to the man who spends an hour writing letters home, local servicemen have expressed high enthusiasm for the new Daly City Servicemen's club at 6201 Mission street, according to reports made, this week, by Mrs. Ann Eason, Mrs. Maisie Boyle and Mrs. Margaret Steele, who head the committee of townspeople in charge of the center.

Attendance has been averaging seventy per day on week days and as many as a hundred on Saturdays. Hours are from 10 a. m. to 4 p. m. and from 7 p. m. to 12:30 a. m., daily.

Currently, the members of Court St. Mary No. 1155, C. D. A., are acting as hostesses at the club. Last week, the Women's Civic club was in charge. They topped off their week at the center with an "at home" party, Saturday night, June 19, which featured music and delicious refreshments.

Mrs. Eason stressed the fact

"More Confusin' Than Amusin'" - -

It must have been a confusing evening for Henry Solberg, 254 Niagara avenue, San Francisco, Saturday, June 19.

At 10:35 p. m. he attempted to drive his 1936 Chevrolet sedan from the curb in front of 6000 Mission street but somehow it got into reverse and he backed over the curb straight for the building behind and was only deterred from smashing into the structure by Police Officer Walter Davis and M. P. Huck. When they took him from behind the wheel they found him to be drunk.

He was jailed and held for $50 bail, which should have been enough of an evening for anyone, but no, at 1:05 a. m. while Solberg was being moved from his cell he

Five Get Serious Injuries In Accident

The driver and four other occupants of an Oldsmobile sedan which crashed into the guard rail 200 feet south of Belle avenue on Junipero Serra boulevard, at 12:-20 a. m. Monday morning, were seriously injured, according to Daly City police reports.

Oliver O. Poquet, 1462 Valencia street, who was driving, is reported to have said he swerved sharply and struck the curb in order to avoid collision with another car at Alemany and Junipero Serra.

In addition to two officers from the local force, Company No. 1, D. C. F. D., first aid truck answered the summons. The injured were rushed to Alemany emergency hospital and later transferred to St. Francis hospital. The badly smashed car was towed to Daly City Garage.

Farallone Packers Take Second Place

Taking undisputed possession of second place in Peninsula Summer Baseball league standings, Daly City's Farallone Packers brought home a 3-1 win over the Belmont Merchants in a game played in that city, Sunday. Bogdanoff again pitched for Manager Charles Norry's squad, with Fenech catching. The latter also took hitting honors, driving out a home run in his 3-for-4 share of the Packers' total of eight safeties.

At Marchbank park, the opponents scheduled to meet the Farallone Packer Juniors failed to make their appearance for the morning contest. In the 2:30 p. m. contest, the Floating Drydock team beat the Battery K Gophers, 10 to 1.

Next Sunday, June 27, at 11 a. m., the Juniors will play the Gophers, an aggregation of servicemen from Minnesota, on the local diamond. Although younger in years, the Daly City boys should be more than able to hold their

Civilian Defense Response Termed "Good" By Bodien

"Unidentified Planes" Occasioned Alerts

Daly City's Civilian Defense personnel swung into action in the first blackout for more than a year, early Sunday morning. Arthur J. Bodien, director, described the response of volunteers and civilians alike as "quite good, considering the long lapse of time since we have had an actual blackout."

Director Bodien and members of the Daly City police force issued an urgent request for stores and homes to keep in mind that this is a combat area and that **immediate** compliance with orders for a blackout are necessary. Officers out on patrol reported a number of stores and apartments had left lights burning and that without smashing windows it was impossible to extinguish them.

In Daly City the yellow alert was given at 12:50 a. m., followed by the blue at 12:55 a. m. and the red signal for blackout at 1:10 a. m. The all-clear was struck at 1:47 a. m.

The 37 minute blackout was the first since May, 1942. It was the ninth for this area and was occasioned, according to the Western Defense Command by the report of unidentified planes approaching this area. The all-clear was sounded when the planes were identified as friendly.

The Sunday alert extended throughout the San Francisco Bay region. Civilian Defense units in the area bounded on the south by San Jose, on the north by Santa Rosa, and on a line from Vallejo south on the east to include all habitation in the Bay region, went into action. Concensus of opinion of officials in San Francisco and Peninsula communities was that civilians generally responded to the blackout order without delay but that confusion in some sectors and delay at the shipyards in responding to the alert would have to be ironed out.

Bodien, today, reminded Civilian Defense leaders and workers that immediate re-registration of all personnel is necessary if federal insurance is to be supplied those injured in the line of duty. All division heads are to secure the forms from Bodien's office, Room 2, city hall, 75 Wellington avenue, and distribute them to their workers at once. Now is also the time for any civilian

Present District Scholarship Award

Award for highest scholarship in the three district grammar schools went to Norma Jane Moore at Sunday afternoon's commencement exercises, held at the high school auditorium for the Jefferson Elementary School district. The prize was presented by Mrs. Ann Welch, president of Daly City Unit No. 410, American Legion auxiliary.

Parent-teacher association awards for good scholarship at the individual schools were made to Barbara Marie Somers, Crocker, Mrs. Mildred Seiler, president, making the presentation; Peter Angelo Ratto, Jefferson, by Mrs. Fred Lane, president; Lucille Shreve, Woodrow Wilson, by Mrs. Elsie Hesslein, president.

The annual Legion awards for best citizenship, recipients of which were announced in last week's Record, were made to a boy and a girl from each of the three schools by Emil Pahlka, commander of Daly City Post No. 410.

Diplomas were presented to the 81 graduates by District Superintendent R. L. Crane jr., at a program attended by several hundred relatives and friends. The exercises got under way promptly at 2 p. m.

Daly City Men Attend Convention

At the closing session of the annual California State Aerie, F. O. E. convention in San Francisco, two important resolutions were passed, according to Daly City delegates in attendance. One was to block "a formidable threat to return Japanese to the Pacific Coast;" the other dealt with increased efforts to curtail juvenile delinquency in California. C. C. DeYoung, Stockton, was unanimously elected state president for the ensuing year. This was the fortieth annual state convention of the Eagles.

Colma Vista Grande Aerie No. 1848, F. O. E., was represented at the convention by William P. Bolger, Arthur J. Bodien, Otto Schramm, Roy Allain, Melford Battye, Allen Brush, B. L. Meritt, John Craig, William Miller, James Smith, Fred Hanel, Fred Collins, Ed Heim, Larry Shaw, Erick Diebel, Dan Gray, and Emil Bertelli.

The local aerie, in its capacity as one of the host aeries, took a suite at the Whitcomb hotel in which to entertain out-of-town delegates during the two-day convention, June 19 and 20.

own against the Battery K outfit, according to Manager Norry.

At 2:30 p. m., the senior Packers will be matched against Burlingame, who now trail the circuit with a lone win. The Farallones have won five and lost two, close upon the heels of the leading San Mateo Blues, who have won five and lost only one.

Receives Short Wave Message From Brother

which picked the information up from San Diego. Gist of the communication from her brother was that he was feeling fine, getting enough to eat, and hoping she wasn't worrying too much.

Edwards, an employee of Pan-American Airways, had been sent to Manila for his company just two months prior to Pearl Harbor. Only word, of even an indirect nature, Mrs. Costello had had of him until last week's short wave message, was a War department announcement, last December, that he was interned by the Japanese in Manila.

JUDGE FINES SAN FRANCISCAN

Driving while under the influence of intoxicating liquor proved an expensive indulgence for Robert McWhirter, 124 Ralston street, San Francisco, who was fined $75 and had his car taken away for a 60-day period by Judge William J. Sweeney, at the Friday, June 18 traffic court session.

On Wednesday, June 16, at 1:45 a. m., Officers Roland Petrocchi and Henry Sundermann jr. found McWhirter driving a 1931 Dodge coupe north on Junipero Serra boulevard in an erratic manner with bright lights on. They stopped him at Belle avenue and found him to be drunk. A passenger with him also had been drinking. He was jailed on a charge of driving while under the influence of intoxicating liquor and the passenger was jailed on Daly City Ordinance, Charge 209. Bail for McWhirter was set at $50 and the companion's at $10.

McWhirter's wife appeared at police headquarters, last Friday, with the $75 to meet the fine, otherwise, it would have meant a 35-day stay at the county jail. His car is impounded at the Daly City Garage.

HARD ON ROOFS

Officer **August Benassini** of the Daly City Police force, caught a group of boys prying the shingles off the roof of the waiting station at Evergreen avenue and Mission street, Monday, June 21, at 2:20 p. m. He took a knife with a 4-inch blade away from one of the young pranksters.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

"IT'S A SMALL WORLD"

"It's a small world," poor hackneyed phrase that it is, well describes the meeting in the Aleutians of Frank E. Brewer and Dick Grantham, two local men representing different branches of the armed forces.

Brewer, the son of Mr. and Mrs. Edward Brewer, 139 Evergreen avenue, is in the U. S. Army and has been in the Aleutians for two years. He is a private first class. Grantham, left, formerly lived at 1075 Hanover street, in Daly City. He is with the U. S. Navy's Seabees. How and where the paths of the Army and Navy, as personified by the two Daly City lads, crossed is doubtless a military secret but meet they did as this picture shows.

The Brewers also have another son, Walter, with the U. S. Army. He is a corporal and is also serving in the Aleutian area. He was graduated from Jefferson Union high school, as was Frank.

It Might Be Hard To Explain This One

Tomorrow, June 25, at 2 p. m., Frank Schnapp, 3173 Army street, San Francisco, will face Judge William J. Sweeney at city traffic court to explain, if he can, why he was driving in an erratic manner on Junipero Serra boulevard, at 12:50 a. m. Monday morning. Officers Henry Sundermann jr. and Roland Petrocchi stopped him just south of Belle avenue and found him to be intoxicated. He was jailed and bail set at $50 cash.

At 10:15 a. m., Monday morning, Schnapp was released on payment of the bail to appear at tomorrow's court session. He was given a release for his car.

All of the men were granted 2-week induction furloughs before reporting for training.

Next call for the local board falls on July 10, according to Mrs. Isabelle Flynn, chief clerk, who said the quota for that date would be small.

injured his head on a steam pipe and Officers Henry Sundermann jr. and Roland Petrocchi rushed him to Villa hospital for treatment. Just then the blackout came along to complicate matters and the officers left him in the care of the nurse. During the blackout he disappeared.

The police blotter was not quite clear on just what happened next but in any event Solberg and the police met again and on Sunday he was released on payment of $50 cash bail to appear tomorrow, June 25, at court, on a driving while drunk charge.

Those who can volunteer time at the center are invited to leave their names and addresses at the club. Those who would like to be hosts to the boys at dinner or for an evening at their own homes may likewise leave word with those in charge at the club. THE 'MARY ANN' TALKS BACK

With John Garfield behind the trigger the "Mary Ann," Boeing Flying Fortress heroine of Warner Brothers' film, "Air Force," answers the attack of Jap Zero planes. The picture is now playing at the Daly City theatre.

New Warner Brothers Film At Daly City Tells Life Story Of A Flying Fortress

The life story of a Flying Fortress is the theme of the new Warner Brothers film, "Air Force," which opens at the Daly City theatre, tonight.

Produced with the cooperation of the United States government, the story is concerned with the trials and tribulations of one "Mary Ann," a B-17, caught unprepared above the embattled waters of the South Pacific during the treacherous attack on that fateful December 7.

Starting when the "Mary Ann" and its crew of nine leave on a peace-time mission to Honolulu, the story tells of the emergency landing when the crew learns of the attack on Pearl Harbor. With their destination Wake Island, they arrive there only to learn that they must take off at once for Manila. Encountering difficulties on the way, they make a hazardous landing at Clark field, where they are attacked while loading ammunition. It is the battle of the Coral sea that is responsible for the end of the "Mary Ann," but not until she is safely landed on Australian territory.

Except for a couple of incidental roles, the cast of "Air Force" is composed of the bomber's crew, featuring John Garfield, Gig Young, Harry Carey, George Tobias, Arthur Kennedy, James Brown, John Ridgely, Ray Montgomery and Ward Wood.

"Air Force" was directed by Howard Hawks from a screen play by Dudley Nichols. It is a Hal B. Wallis production.

"WILL TO WIN"

Newspaper advertising as an institution has played a major part in the war, in developing the will to win, the will to sacrifice, and the will to work, according to W. A. Bowe, manager of advertising and public relations for a New York corporation.

Even those who have depended wholly on radio for their news, have turned to newspapers since the war, for information needed in shopping, in coupon purchasing, for the innumerable little details about what to do and where to do it that are forgotten when heard, and remembered when seen, clipped, and carried around in pocket and purse.

Most firms who advertised before the war have kept their firm names alive in some way. Many firms, though not doing the volume of business previously enjoyed, maintain newspaper advertising because they believe in the newspaper as a medium of expression. Such was the case, for instance, with the Bank of America, who mailed out a card to its friends among the newspapers, stating that advertising for 1943 would equal or be in excess of that for the previous year.

Bowe feels that newspaper advertising goes much beyond mere product sales. He feels it is a means of accelerating war production, and certainly proved its value in the sales of War Bonds. As a morale factor, it is an essential.

CASE FOR THE RECORD

This war has turned up some interesting facts. One of them is that all claims of public power politicians for the past decade that the nation faced a power shortage and that development of power by the government was, therefore, essential, were unfounded.

Now comes J. A. Krug, director of the Office of War Utilities, and says: "Electric power has never been too little or too late. I do not know of a single instance where the operation of a war plant has been delayed by lack of electric power."

And remember that 85 per cent of our electric power is furnished by private enterprise.

Also remember there is no rationing of power to homes or non-essential industries.

No Army-Navy E's are awarded or asked for in this record. Electricity is just taken for granted in the day's work. Those who have besmirched the private electric power industry should have red faces.

Red Cross Issues Set Of Instructions

"When To Call Doctor" Outlined By Committee

Because of the scarcity of doctors now available on the home front and because of the tremendous pressure on their time and strength, the following rules are suggested for the duration by the Home Nursing instructors' committee of the San Mateo county chapter, American Red Cross.

WHEN TO CALL A DOCTOR

1. Call the doctor only when necessary.
2. Call the doctor during the day and not at night if you can avoid it.
3. Call the doctor early or before he starts out on his daily visits.

(New calls can then be made while he is calling on other patients in the same area — thus saving precious time, rubber and gas.)

WHAT TO TELL THE DOCTOR

Before telephoning the doctors have ready a definite outline of the patient's condition or symptoms, as follows:

1. Patient's temperature or fever.
2. Any chills, sore throat or symptoms of cold in head or chest.
3. Pain if any and location of same, and duration of pain. (Ear, abdomen, chest etc.)
4. Redness or swelling and location and duration of same.
5. Nausea, vomiting or intestinal disorders.

WHILE WAITING FOR THE DOCTOR

Keep patient in bed.
Give liquids only.
Keep accurate record of temperature, pain, vomiting etc.
If patient has an eruption or skin rash, keep him strictly isolated from everyone except the person attending him.
If you need a Visiting Nurse to carry out the doctor's orders or teach you how to care for the patient, call Burlingame 3-4561.

"Home Nursing classes are being taught by Red Cross instructors. Learn how better to care for yourself and family. Phone Burlingame 3-4561 for information," the committee urged.

Read This Before Taking That Trip

With troop movements and other military traffic mounting to new peaks, it is imperative to keep down seasonal increases in civilian travel, the Office of War Information emphasized today. These increases can be held to a minimum, OWI has been advised by the Office of Defense Transportation, if every citizen will place on himself the patriotic responsibility of traveling only when necessary.

As a guide in determining whether a trip is necessary, the ODT has defined trips for the following six purposes as non-essential:

1. Trips to other cities to visit friends.
2. Trips home for the weekend.
3. Sightseeing.
4. Trips to the theatre, races, or other places of amusement.
5. Any social travel or travel for pleasure.
6. Travel merely for the sake of going somewhere.

READING & WRITING

BY Edwin Seaver AND Robin McKown

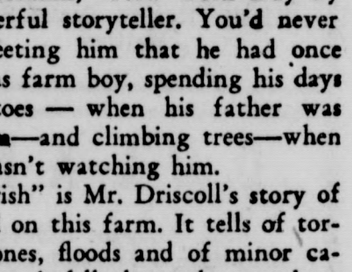
CHARLES B. DRISCOLL is head of a large newspaper syndicate and author of the widely read column, "New York Day by Day." He is urbane, witty and a wonderful storyteller. You'd never think on meeting him that he had once been a Kansas farm boy, spending his days hoeing potatoes — when his father was watching him—and climbing trees—when his father wasn't watching him.

CHARLES B. DRISCOLL

"Kansas Irish" is Mr. Driscoll's story of his childhood on this farm. It tells of tornadoes, cyclones, floods and of minor catastrophes that befell the author, such as tumbling into the pigpen and being attacked by an angry gander. Life wasn't easy for the Driscoll youngsters, but it certainly wasn't dull either.

The dominant person of this story is Big Flurry, the father, whose unpredictable outbursts of temper kept the children and their gentle mother in a constant state of uncertainty. Big Flurry had come from seafaring folk of Ireland, and he was all his life to feel a stranger among the placid farmers of Kansas. He took out his loneliness in violent and unreasonable rages.

His character is illustrated by his treatment of the two poverty stricken Ozarkians who attempted to steal his precious mainsail, which he kept to cover his wheat stacks. He cursed the Ozarkians, and he kicked them and he clouted them. But then he yelled at his wife: "Ellen, have you got a bite to eat for these hungry flops-ile-guys, I don't know." And after they had ravenously finished a steaming pot of coffee, a loaf of bread, a hunk of ham and a pot of boiled salt pork, and after he had fed hay to their lean horses, he refused to call in the police. He administered a few more clouts and kicks, shouted after them, "Get along with ye now, and good luck to ye!"



* * *

The Book-of-the-Month Club announces for July a dual selection: "Western Star," by the late Stephen Vincent Benét, a long narrative poem about our pioneers which was completed just before the author's death, and "U. S. Foreign Policy: Shield of the Republic," by Walter Lippmann.

* * *

MacKinlay Kantor, author of "Happy Land," received a raft of mail about his story from parents of boys at the fighting fronts. A previous book of Kantor's—"Long Remember"—a tale of the Civil War, found its way into the hands of a sergeant on Guadalcanal. In the thick of battle, when the Japs were throwing everything they had in the vain endeavor to oust the Americans, the sergeant continued to read the book while huddled in his fox hole. An officer remarked drily: "That must be quite a story." "Yes," sighed the sergeant, "they sure had a tough time of it back in those Civil War days."

WINS AWARD

Recognition came to the La Junta, Colorado, Army Air field, last week, with the announcement that Private First Class **Evan L. Gillespie** of the 311th Squadron had been awarded first prize of a $50 War Bond in the national poster contest for servicemen, recently conducted by the American Legion auxiliary.

Gilelspie's poster depicted a pair of shackled hands with the chains broken by a War Bond inserted between them. The inscription at the head of the poster read, "War Bonds Break Bonds."

The American Legion auxiliary also submitted Gillespie's poster to the contest sponsored by Stanford university, where it annexed third prize in national competition. Private First Class Gillespie is a graduate of San Mateo junior college in California, where he majored in the study of art.

Prior to his enlistment he was employed by Livingston Brothers Department store in San Francisco as a window display artist.

Gillespie is well known in Daly City, where he was graduated from Jefferson Union high school. He took an active part in Boy Scout activities and was at one time Scout news reporter for The Daly City Record.

For eight years Gillespie lived here at 218 Miriam street, with his parents, Mr. and Mrs. L. R. Gillespie. He married a Daly City girl.

His letter continued:

"Another surprise was when my cousin, **Einar Hanson**, arrived for training. He is with a Naval Construction battalion. I received a nice letter from **Miles Butcher**, a former Boy Scout of mine. He is in North Africa. Miles is the son of Mrs. Emma Butcher, Brunswick street, Daly City. Many thanks for the Daly City Record. I sure enjoy hearing about the happenings of the people and organizations of good old Daly City."

Don't Forget That July 1 Rate Deadline

Attention, Victory gardeners of Daly City!

If you intend to take advantage of the special water rates available to Victory garden growers you must make application to the municipal water works by Thursday, July 1, using the special form supplied your home by the department.

A circular containing full details of the program and an application form were sent all local consumers at the direction of the city council which took this means of encouraging the raising of vegetables at home during the war emergency.

You can speed his visit home

by giving up your summer train trips

High point in many a service man's life is his short leave or furlough after months of strenuous training. This is often his last chance to visit home before going overseas — a last chance to see his parents, wife or sweetheart.

Furlough days are far too precious to be spent waiting for train acommodations. Yet nowadays our trains are so crowded that even service men on furlough sometimes have to "wait their turn."

Will you help make more room on our trains for service men and other essential war travelers this summer?

Please cancel reservations promptly if your plans change — release this space for use by other travelers. Postpone all train trips of a merely social, sight-seeing or pleasure nature until after the war.

This summer — unless your train trip is urgently necessary — you can do your country a real service by staying close to home!

SAFEWAY Homemakers' Guide

Let peanut butter be the home front standby

It's time we realised the importance of peanut butter as a nutritious food, and not as a delicious snack food. Its flavor is only one of the things in favor of peanut butter. It is a protein food and that means that it can take the place of meat on the menu. It is a food high in energy value, the kind of food that gives that power needed for heavy work. As for minerals and vitamins, peanut butter scores high. It is particularly high in some of those all-important B vitamins. Let it be your standby food when the menu needs building up in flavor and heartiness. Here are just a few of the many ways you can put peanut butter to work in a nutritional way.

PEANUT BUTTER CUTLETS Combine 1 cup hot medium thick white sauce and ½ cup peanut butter. Add 1 well-beaten egg and mix well. Add 2 cups soft bread crumbs and seasonings and mix well. Form into cutlets or patties, dip in beaten egg, then cracker crumbs and fry until well browned. Serve with cheese sauce.

PEANUT BUTTER PUDDING — Mix ¼ cup of cornstarch with a dash of salt and 1 tbsp. sugar, and ½ cup cold water. Combine 3 tbsps. honey or corn syrup with 4 tbsps. peanut butter. Mix with cornstarch mixture, and cook in double boiler for 10 minutes, stirring constantly. Then cover and cook 15 minutes longer, stirring occasionally. Cool, pour into sherbet dishes and chill.

PEANUT BUTTER AS A SPREAD—Serve peanut butter on the table instead of butter. The family will like the change.

. . . When making sandwiches, spread the bread with peanut butter-salad dressing combination. It supplies added food value, and is good around lunch-time.

. . . To make butter go farther, cream it, add an equal portion of peanut butter, and blend well. mold and chill. Grand for toast, hot biscuits, waffles, muffins, and as a between meal snack.

News From Jeff Union High School

By Verna Moresco

ABOUT SCHOOL

The teachers of Jefferson Union high school aren't taking a vacation in the usual sense of the word by any means. Oscar Busch, John P. Harville, Glenn South, and Elman Rose are participating in the fight to control diseases affecting the pine forests of the state.

Busch will be stationed in the Tuolumne region; Harville will be at Crane flat and Rose will be at Lassen.

Some of the students of Jefferson also will be participating in this campaign.

Howard Miguel is planning to take a secretarial job during the summer.

MUSIC

The chorus under the direction of Oscar Busch is planning to put on an opera the first part of the next semester. This is the first time that a light opera has ever been attempted at Jefferson.

The opera is to be "H. M. S. Pinafore" by Gilbert and Sullivan.

Students who are almost sure of playing the leading parts are: Ken Hatt, who is to be the captain of the ship, Pinafore; and Pat Morocco.

G. P. A. L.

G. P. A. L. officers for next term are: Barbara Gregor, manager; Beatrice Seidel, assistant manager; Isabelle Schioldager, secretary; and Doris Vernengo, publicity manager. Let's hope they have a successful term!

SENIORS

When the class of June '43 presented their graduation gift to the students, last Tuesday, they gave the school two beautiful landscape paintings. They are to be put over the two center doors of the auditorium. The class stated that they hoped other graduating classes would add to this collection.

That same day, John Mosman was awarded the Science medal for receiving all A's in science courses. In all his high school years he has received three B's and the rest all A's.

BEACH BEAUTY

HALF THE FUN IN SUN OR BEACH BATHING is the right costume, says CBS starlet Coral ("Bright Horizon") Tempest. Her flared skirt and bra of dazzling white pique, enlivened with bands of significant pictographs of the old, nature-loving Indians, registers logical reason for the great popularity of the open midriff vogue. Remember, white is the most flattering complement for a coat of healthy tan. (From Arnold Constable & Co., New York.)

PROMOTED TO SECOND OFFICER

Miss Juanita Young, former girls' physical education instructor at Jefferson Union high school, has received another promotion in the WAACs. For details refer to the column of news about men and women in the armed forces on page 1.

"REMEMBER WHEN?"

—Photo by Photography Class

Already in the realm of "remember when" is the scene above which shows the senior jinx of the class of June '43 under way at Jefferson Union high school. The jinx, a traditional event for the graduating class, was held in April.

In the scene above Copeley Lloyd as J. P. Morgan is dictating roles to the new students. Left to right are Gene Pidgeon, Herb Buckenmeyer, Anna Crossland, Louis Arata, Inez Hix, Thomas Callan, and Arnaldo D'Elia.

ABOUT SARDINES

As sardines are packed in oil, one also gains additional fat, which can be used in their preparation.

Miss Isabel Young, director of the home economics division of the American Can Company, has a suggestion this week as to how to use sardines and make them go as far as possible. Here it is:

Sardines With Noodles Polonaise

- 1 9-oz. can Sardines
- 1 can Tomato Sauce
- 1 cup fresh Bread Crumbs
- 1½ cups uncooked Noodles
- ½ teaspoon Salt

Cook noodles in boiling salted water, according to directions on the package. Empty sardines and sauce into saucepan; heat for about 10 minutes until thoroughly hot. Pour oil from sardines in saucepan; add bread crumbs and saute until brown; add to drained noodles and toss together. Spread noodles on a warmed serving platter, sprinkle with salt, and arrange sardines on top. Serve with additional tomato sauce or chili sauce if desired. 4-6 Servings.

Points On Point Rationing

SURPRISE the family with a new dish upon which you have exerted a little extra time and effort and short portions of meat or small services of butter probably will pass unnoticed.

For instance, says Miss Isabel Young, director of the home economics division of the American Can Company, try making scrapple with a can of green peas and chopped salted peanuts. Or combine cream style corn with noodles to make another delicious dish. Both of these recipes not only stretch your canned foodstuffs — and thus your ration points — but they also provide dishes which are full of that "come-back-for-more" goodness as well as nourishment.

Here are the recipes tested in the company's kitchen for benefit of American homemakers:

Corn Noodle Timbales

- ½ No. 2 can Cream Style Golden Bantam Corn
- 2 Eggs
- 1 cup boiled fine Noodles
- ¾ cup Evaporated Milk
- ½ teaspoon Salt
- ⅛ teaspoon Pepper

Drain corn, reserving liquid. Add eggs which have been beaten slightly, noodles, evaporated milk and ½ cup liquid from corn. Season with salt and pepper. Pour into greased custard cups or timbale molds and bake in a slow oven at 300° F. for one hour until firm. Serve plain, with tomato sauce, or with bacon. 5 Servings.

Garden Pea Scrappie

- 1 No. 2 can Peas
- ¾ cup Cornmeal
- ½ teaspoon Salt
- ½ cup chopped Salted Peanuts

Drain peas, reserving liquid. Add enough water to liquid to make 2½ cups and boil in deep saucepan. Add cornmeal, salt and peas; cook until thick, about 20 minutes. Remove from heat, add chopped peanuts and pour in greased pan. Chill overnight. Slice and fry in saucepan until golden brown. 8-10 Servings.

Urge Housewives To Destroy Stamps

Housewives are urged to destroy all expired red or blue ration stamps to help guard against black markets in food. Reports to OPA indicate that many storekeepers have asked their customers for expired stamps and in turn have used them to buy more food from wholesalers.

Because foods bought at wholesale with these stamps can be sold at retail without points, every expired stamp given to a storekeeper is a potential contribution to an illegal market.

Saving Your Share Of Those Tin Cans?

Two tin cans out of every three that could be salvaged are being thrown away in America today, according to national and local Salvage for Victory authorities.

Salvaged tin cans are needed to supplement the nation's supply of three critical war materials — tin, steel, and copper. The bulk of tin cans salvaged is used for tin reclamation and steel production—the percentage reckoned as 1 per cent tin and 99 per cent steel scrap.

Hence, if no more than 20,000 tons of tin cans (just a third of a conservatively estimated potential) are salvaged monthly, at least 4,000 tons of pure tin, 396,000 tons of steel scrap and 100,000 tons of cans for copper precipitation will be thrown into garbage and city dumps this year and lost for war use. This represents a loss of approximately 5 billion cans.

Daly City housewives are asked to do their part to see that these tin cans go into proper salvage channels where they can "work for Victory." The local summer tin collection program will be announced shortly, according to R. L. Crane jr., chairman of the drive.

OWI Suggestions For Writing To Servicemen

The Office of War Information offers these pointers for homefolks writing to soldiers, sailors, and marines—based on suggestions gathered in a survey among servicemen at home and overseas, in cooperation with the Special Service division of the Army Service Forces:

TELL HIM

1. How the family is doing everything possible to help in the war.
2. How anxious the family is for the boy's return.
3. How well and busy the family is. Give details.
4. How the family is getting along financially.
5. What's doing in the community: news about girls (single) he knows, doings of friends, who's marrying whom, exploits of the home team and other sports events, social doings, effects of the war on the home town. Reminisce a little about past events and places the boy used to visit. Enclose clippings from the home-town paper.

DON'T TELL HIM:

1. Your troubles. He has troubles of his own.
2. Your complaints. He can't do anything about them.
3. About things you are deprived of. He can't supply them.
4. Doleful predictions about the future. He's fighting for that future—now.
5. Unnecessary details about financial troubles. If there are things he should know about family finances, and he is in a position to do something about the situation, tell him. But don't string it out.

Sport Fishermen Get No Extra Gas

There is no possibility of getting extra gasoline rations for sport fishermen, Harold L. Ickes, coordinator of fisheries, reported, but he said that "we still think it's a good idea for them to fish when they can and where they can without extra gasoline."

Gasoline for fishing trips won't be available, the coordinator said, no matter how productive of food sport fishing might be. He advised trying hooks near home.

First aid classes have not as yet been started and Block Mothers are urged to phone Mrs. Hanelt or Mrs. Bryant and state their preference of a meeting time for these classes at once so final arrangements can be made.

One new volunteer has been added to the list of local Block Mothers. She is Mrs. Genevieve E. Haynes, 452 San Diego avenue.

Crocker P. T. A. Ratifies Chairmen For Coming Year

Crocker P. T. A. held its regular meeting, Tuesday, June 8, with Past President Mrs. Mildred Seiler presiding. The business of the day was the ratification of the following chairmen to hold office for the coming year:

Character education, finance and budget, Mrs. Vivian Pahlka; awards of merit, Mrs. Beatrice Caratti; publicity, radio and music, Mrs. Orvilla D. Pauw; sewing, Mrs. Florence McKay; pin and emblem, Mrs. Marie Gehrig; patriotic and reciprocity, Mrs. Jean Nordgren; membership, Mrs. Olga Bordson; magazines, Mrs. William Wallace; program, Mrs. Virginia Davidson; Founders day, Mrs. Hazel Casassa; child welfare, Miss Marjorie Tobias; life membership, Mrs. Margaret Holzworth; war service, Mrs. Ann Eason; study, Mrs. Eve Hobbs; legislation, Clive M. Saiz; librarian, Mrs. Edna Hicks.

Owing to the fact that many of the members of Crocker are now working, the attendance was very small. Mothers of the graduating class were appointed to serve the sixteen graduates and the Crocker teachers with a luncheon which took place Wednesday, June 16. Committee was Mrs. Ann Eason, Mrs. Margaret Holzworth, Mrs. Doris Strockavich, Mrs. Sara Nordgren, and Mrs. Seiler.

Plans were made for a luncheon in July and a picnic in August, during which months there will not be a regular meeting. The luncheon in July will take place on the regular meeting day, Tuesday, July 13. The place has not yet been decided, but the ladies are to meet at the corner of Evergreen and Mission streets, at 11 a. m. All members not working on that day are urged to be there.

On Tuesday, June 15, Mrs. Lyal Ingersoll entertained members of Crocker at a luncheon and whist to raise funds for the child welfare program of the unit.

The unit has agreed to take charge of the Daly City Servicemen's club during the afternoons of the week beginning July 5. The hours will be from 10 a. m. to 4 p. m. Mrs. Ann Eason will have charge of arrangements. The ladies are urged to cooperate fully with Mrs. Eason, and make the week a success.

Crocker members are again reminded that Wednesday is their day to help with the bandages at the Red Cross rooms. This is the study circle also, and there must be at least five members present each Wednesday.

Mrs. Mildred Seiler, acting president of Crocker, presented the Crocker award to Barbara Somers, on the afternoon of graduation. A child from Crocker, Norma Jane Moore, received the award from the auxiliary of the American Legion for the highest scholarship in the district, and those who received the medals from the American Legion at Crocker were Edward J. Milano and Esther Hukari.

"Two of our valued members have passed away during the past month; Mrs. Bernice Lasco, and Mrs. Nell Caine (a life member). The sympathy of our unit is extended to the bereaved families of these two members," Crocker members said.

Circus Day Party

Perhaps the circus or a carnival is visiting your town about this time of year. Perhaps the children are merely wishing such an event was in store. Anyway, the circus is a big thing in a child's life and anything that reminds him of a circus is enhanced in value.

Why not capitalize on this by having a circus day party for the children? Animal crackers, candy animals, animal toys as gifts, and animal games or puzzles may all be featured.

As a dessert, try the following recipe. It's light, healthful, delicious and a real way to furnish milk to children who refuse to drink this healthful beverage.

Vanilla Rennet-Custard

1 package vanilla rennet powder
1 pint milk, not canned
Honey Whip
Animal crackers

Set out 4 or 5 individual dessert glasses. Warm milk slowly, stirring constantly. Test a drop on inside of wrist frequently. When comfortably warm, (110° F.), not hot, remove at once from heat. Stir contents of package rennet powder into milk briskly until dissolved—not over one minute. Pour at once, while still liquid, into individual dessert glasses. Do not move until firm—about 10 minutes. Chill in refrigerator.

For a topping, use Honey Whip around edges of each glass. Place animal crackers in the whip, standing up to give circus parade effect.

Honey Whip—Combine 1 stiffly beaten egg white and 1 tablespoon strained honey and whip with egg beater until fluffy.

WANT TO USE A PRESSURE COOKER?

Are you interested in using a pressure cooker for canning vegetables, this summer **FREE?**

The use of such a cooker is yours for signifying interest. Just write Jefferson Union high school, list your name, address, and phone number and indicate that you wish to participate in the program.

The county and San Mateo junior college will bring pressure cookers to Daly City some time soon and make them available at Jefferson Union high school for local housewives, free of charge. All you bring are the vegetables, jars, etc. There will be an expert on hand to describe the proper use of the cookers.

There is a critical shortage of pressure cookers, this year, and since almost the only safe way to can vegetables is by using pressure cookers the county and school authorities are taking this method of helping in the wartime program of home preservation of foods.

Dates for the cooking program in Daly City will be announced in these news columns shortly. In the meantime, mail your name, address and phone number to the high school if you are interested in this free service.
